SC TruColor
Pre-Measured Color Packs

SURECRETE®

DESCRIPTION

SC TruColor™ are conveniently premeasured to individually tint any single overlay bag mix. *SC TruColor* color packs are pure, synthetic, iron oxide pigments that are UV stable and contain no fillers that will affect the performance of the overlay bag mix being tinted. Color consistency is maintained from sack to sack.

MIXING

1. Add required water to a 5 gal. (18.9 liter) pail as directed by appropriate overlay bag mix TDS
2. Empty *SC TruColor* into water prior to addition of dry bag mix.
3. Mix with a handheld concrete mixer with a cage mixer blade, such as an Eibenstock model #EHR 20R
4. While mixing add overlay bag mix as directed in appropriate TDS.

Note: multiple bag batches may be appropriate; always maintain mix ratio of 1 – SC TruColor to 1 – overlay bag mix for color consistency.

SUITABILITY SAMPLE

Because job site conditions and requirements can vary significantly, always prepare a sample. This is especially critical for custom coloration.

DISPOSAL

Contact your local government household hazardous waste coordinator for information on disposal of product.

LIMITATIONS

For use by trained professionals that have read the complete SDS. The aggregate of vertical overlay bag mixes may affect final color to vary from color chart. Always prepare a sample.

WARRANTY

Warranty of this product, when used according to the directions, is limited to refund of purchase price, or replacement of product (if defective), at manufactures/seller's option. SureCrete Design Products shall not be liable for cost of labor or direct and/or incidental consequential damages.

CAUTIONS

KEEP OUT OF REACH OF CHILDREN. When used according to direction, no hazard is anticipated. **Inhalation:** Avoid prolonged breathing of airborne dust, particularly present during mixing. Use NIOSH approved respirator for nuisance if threshold limit values are unsafe. **Skin Contact:** Skin contact may cause irritation. Remove contaminated clothing and wash affected skin with soap and water. Launder clothing before reuse. If symptoms persist, seek medical attention. **Eyes:** Wear safety eye protection when applying. Contact with eyes may cause irritation. Flush eyes with water for 15 minutes. If symptoms persist, seek medical attention.

PACKAGING
0.5 lb (0.23 kg) sack

MIXING RATIO
1 – **SC TruColor** (color pack) to 1 – 50 lb (22.7 kg) overlay bag mix (white)

COLOR
30 Standard colors
Custom colors available

SHELF LIFE
Under normal conditions: when kept dry and moisture free, out of direct sunlight, the shelf life of an unopened sack is (12) months from the date of purchase. Storage must be under roof and off the floor. Rotate inventory to maintain product that is within limits
