

ENDURABLE

CONCRETE DYE™

- Product may be mixed in water, acetone, or denatured alcohol
- Product may be used immediately after mixing into carrying agent. Does not require wait time (unlike powdered dyes)
- High coverage rates of 400-600 square feet per gallon
- Product goes completely into solution allowing deepest penetration, making this product the perfect solution for polishing
- Concentrated to optimize shipping costs and shelf space
- Vibrant color options offer various looks

DYE IS FOR INTERIOR USE ONLY, DUE TO LOW UV RESISTANCE

PACKAGING: Product is packaged as a liquid concentrate. Available in concentrate to make 1 gallon and concentrate to make 5 gallons.

SHELF LIFE: A minimum of one year.

COVERAGE RATES: 400-600 square feet per gallon

APPLICATION INSTRUCTIONS: ALWAYS PERFORM TEST AREAS. CONCRETE MUST BE DRY. The concrete should be free from contamination. Determine if the concrete is porous with a simple water test. If the water drops in and darkens the concrete immediately, then prep may not be necessary. If the surface is a troweled surface, you may need to mechanically grind the floor to open the pores for better penetration of the dye. Mix the dye into your choice of the water, acetone, or denatured alcohol. Apply via pump sprayer with a conical tip or hvlp cup gun. Seal with ENDURABLE CONCRETE SEALER or ENDURABLE F1 SEALER. Using more than one color can help to achieve a beautiful mottled look. Use a pump sprayer with a conical tip. Tip size of .05 to .15 gpm at 40 psi is recommended.

FOR POLISHED CONCRETE: The process for polished concrete is explained in detail in the Architectural Specs you can find on our drop-down menu at endurableproduct.com. You should follow the instructions to achieve best results.

WARNINGS: Always be cautious with flammable carrying agents. Extinguish all ignition points and use approved respirators when applicable.

WARRANTY: You must evaluate and determine whether this product is suitable for your intended application. Since conditions of product use are outside of our control and vary widely, the following is made in lieu of all express or implied warranties of merchantability. Our only obligation and your only remedy is replacement of product, at the option of HDIP INC. In no case will HDIP INC. be liable for any direct, indirect, special, incidental, or consequential damages including lost profits, goodwill, or business opportunity.
